

HEX KEYS

Industrial Quality Hex Keys

Made of premium S₂ steel delivering superior durability and corrosion resistance.

Premium S₂ steel also results in a hex key that delivers up to 33% more torque than ordinary keys.

Each key's size and part number is permanent etched making finding the right size faster and more convenient (1/8" & 3mm and larger only).

Broad assortment available including; extra long, long and short in both SAE & Metric.

Multiple designs available including traditional hex and ball end for easier access in hard to reach applications.

Loose and sets available; including traditional L-design, folding sets, and T-handle to suit any application.
