

ANGLE DIE GRINDER

We handle the daily grind.

FORGE

Model 5977

The Sioux Tools Model **5977 Miniature Angle Die Grinder** is small in size but delivers big power for every die grinding and deburring application. The compact design lets you get into tight spots with ease. The variable speed control enables the operator to perform adjustments that fit the application. The ergonomic textured grip provides

operator comfort and safety. The remote exhaust directs the exhaust air away from the work area.

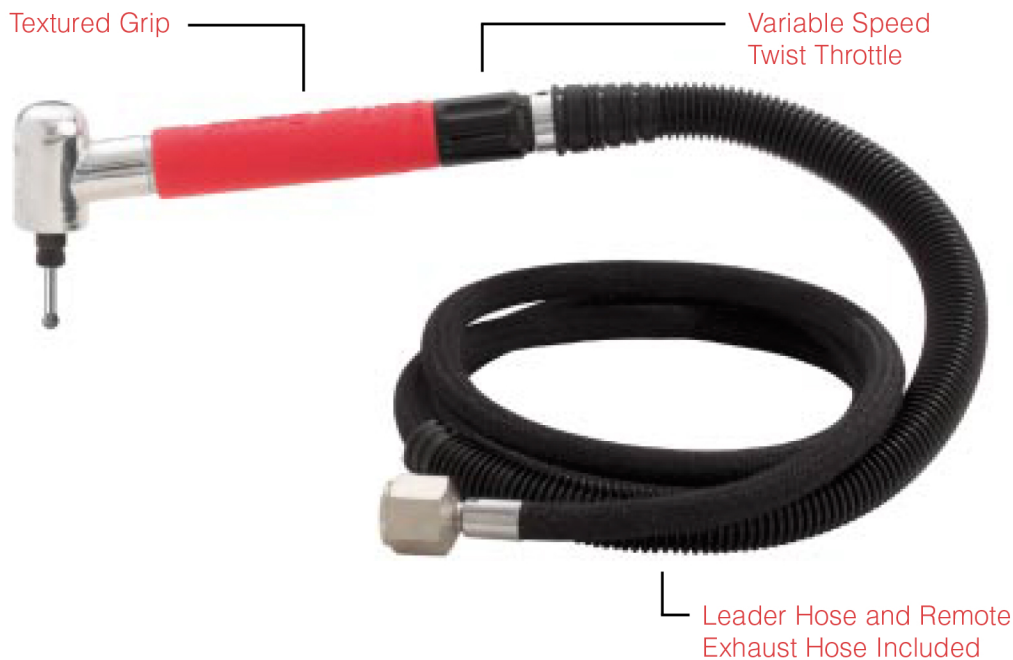

The Sioux Tools Model **5977 Miniature Angle Die Grinder** has a free speed of 70,000 RPM and is only 6-inches long and .38-inches from side to center to give your job a perfect fit.
